These are great trips to bring new and young friends and family to introduce them to our club. We have scheduled 9 regular park and rides on different days. If you would like to be on a special email list so you get a reminder about park and rides, please send an email to me so you will be included on our special trip list for skiers looking for a good time. shirleyjnevins@gmail.com We may add some spur of the moment trips when we see good weather conditions and openings in our schedule. NOTE: You can also come up for one day trips by registering on some of our midweek and weekends to just ski for a day with no lodging. These events are park and rides that tag on to one of our overnight trips. If you are a non-member or a member who wants to just ski for the day, these are great trips for you. This is a new option to our park and ride trip system this year. We are offering more midweek overnight trips this coming season. These tag ons will not include arrangements for carpools but the trip leaders on that trip will know that you are planning on coming to join in through your registration.
